## **Lodging:**

Always block a few more rooms than needed for Cabins, Richardson and Hotel Addition. Some people will always want single occupancy or private rooms in Richardson/Hotel Addition, so depending on the size of the group blocked off about 20% in addition (ex: a group of 100 could be placed into 50 rooms but I have an extra 10 rooms blocked off). Also, try and allow at least 1 or 2 rooms in between groups in case of someone needing to change rooms while here. Gender breakdown usually needs us to reserve one extra cabin. The charges will be based off what and how they end up using the spaces and not by what is blocked off.

Hubler Lodge is booked for only 1 group at a time unless it's a slow weekend and individuals want to come on their own. Do not book the lodge for a very small group unless it's an upcoming weekend and still available.
